WEDDING WAS BEAUTIFUL AFFAIR

MISS GRACE BAUMAN BECOMES BRIDE OF WALTER HENDERSON SON WOODSON JR.

One of the most beautiful weddings ever witnessed here took place Saturday evening, June 12, at 7:30 o'clock, when Miss Grace Bauman, daughter of Mr. and Mrs. Henry August Bauman, became the bride of Mr. Walter Henderson Woodson, Jr., the ceremony being performed by Rev. J. Herman Baughn in the summer home of the bride's grandparents at Lake Margrethe.

Miss Bauman and Mr. Woodson spoke their marriage vows before a bank of Easter lilies, roses, gladioli and ferns which had been most gracefully arranged in front of the fireplace.

The bride, who was given away by her father, was most lovely, her gown being a Louvin model of heavy white crepe de chine embroidered with crystal bugles. The train was an extension of the bodice on each side, with a panel of net in the back, and the net sleeves had elbow length cuffs of crepe de chine. The head-dress was a tiara of silver cloth and mother of pearl beads over a net cap with a face veil. She carried a bouquet of white roses and lilies-of-the-valley.

The bride was attended by Miss Margrethe Hansen and Miss Ella Hansen, who were most attractive in pink georgette frocks. Miss Virginia Hansen in a charming blue georgette gown, all the young ladies carrying bouquets of pink roses and bachelor buttons and Esbern R. Hansen Jr., all cousins of the bride, Ralph Hansen Rottier, nephew of the bride, acted as ring-bearer and carried a precious circlet on a pillow of Normandy lace. Mr. W. H. Woodson Sr., father of the groom, acted as best man.

Just before the ceremony Mrs. Carl Mickelson of Mason, accompanied by Miss Frances Mickelson, sang "At Dawning," which was most beautifully rendered. The wedding party approached the improvised altar to Johanna's wedding march, played by Mrs. Roy Bricker of Royal Oak.

Following the ceremony the bridal party and guests went to the officers' club house at Lake Margrethe, where the reception was held, amidst a wealth of roses, ferns, peonies and gladioli, which had been most artistically arranged in the receiving line were Mr. and Mrs. Rasmus Hansen, Mr. and Mrs. Henry Bauman, the bride and groom and Mr. and Mrs. Walter Woodson Sr.

Throughout the evening the guests were entertained with music by Al Leche's orchestra of Saginaw that played for both the reception and the dancing.

The bride and groom drove away amid a shower of rose petals and shouts of congratulation of best wishes from their many friends.

Several prominent out-of-town guests attended the wedding, including the following:

Mr. and Mrs. W. H. Woodson, Salisbury, N. C.; Mr. and Mrs. P. C. Hansen, Grand Rapids, Minn.; Virginia Burden, Mr. O. S. Hawes, Mrs. E. E. Hartwick, Mr. and Mrs. J. W. W. Hedges, Mr. E. A. Murray, Mrs. M. Murray, Miss Virginia Murray, Miss Marion Murray, Miss Jean Murray, Miss Betty Murray, all of Detroit.

The Flapper's Prayer

I want the lights that brightly shine, want the man I want the wine, want the fun without the price, want to be naughty and still be nice, want the things that the good girls miss, want the love's embrace, the deep soul kiss, want the arms and the heart of a man, and yet be single if I can, So, as a man, give me advice, On how to be naughty and still be nice.

I want to do what the other girls do—tease and cuddle up—bill and coo, wear bobbed hair and clocked silk hose, blacken my eyes and powder my nose, rouge my cheeks, pencil my lips, carry a little flask on my hip, dance a little and shimmy a lot, park my corsets when the weather gets hot, Ride and swim and golf and skate, keep my dates without ever being late.

Break all records—all but one, And be good and true when the game is done. I do like like pepper, but I do like spice, I want to be naughty—but I want to be nice.

THE ANSWER
The advice I give is sound and true, You can't eat your pie, and have it too, If you want the man and want the wine, Why, someone must pay when you love and dine, If the first one yields a moment's bliss, Why the next must be a longer kiss, I want the arms of a man or heart, Get not from propriety's course depart, If you want the thrills, if you want the bliss, You've got to be wiser than most girls miss, It's a problem old, to be bad but nice, To it kid with your rouge and your paint, make you look just what you ain't, Lummy and drink to your heart's content, And be hugged and squeezed until your ribs are bent, Put your corsets on a hickory limb, But never, my dear, go in to swim, Bathe if you will, on the dewy green, but you can't use mud, and come out clean, I came you play is man's long suit, Since Eve first nibbled the forbidden fruit, Whatever you get you will pay the price, You can't be naughty—and still be nice.

BASKET PICNIC, JUNE 23RD

A county picnic will be held near the home of Hugo Schriber Sr. on Wednesday, June 23rd. On this date the Feldhauser school closes and the county school will have a picnic. Both these schools are expected to celebrate their last day at this picnic with the big county parent-teachers association picnic.

There will be speakers, demonstrations, reports, plans for the summer and probably for the year, also there will be fun. Everyone will bring their own lunch, and lemonade will be sold.

Mr. Payne, commissioner of schools and Mrs. Wixon, president of the Frederic parent-teachers' association will speak and representatives at least, and all members possible, from South Branch, Lovells, Beaver Creek and Maple Forest parent-teachers organizations will be there. It is planned at this time to organize a county association.

During the year home hygiene classes have been conducted and several students completed the course and passed their examinations and will receive their certificates on this day. They will be presented by some member of the nursing committee, Miss Elba Morse, state supervisor of Red Cross nursing, will be present and will speak, (she has been asked to bring the new nurse for next year with her to meet the people). The present county nurse will give a report of the work done during the past year.

The Junior Red Cross director for the summer will be there too and will help make plans for the summer work and play. This is a get-together for welfare and co-operation. Plans are not all complete yet, but everyone who is interested is asked to come whether they are members of any parent-teachers association or not.

The nurse will bring scales with her so everyone can be weighed. If you have anything you especially want her to do before she leaves send your requests now. She will be here until the end of July, when she will leave for her vacation and then to school to complete her degree.

HAVE BOTH STEEL AND MONEY
Many years ago, when the United States bought its steel in Europe, Abraham Lincoln said: "If we buy steel in a foreign country, you get the steel and the foreign country gets the money, but if you buy steel at home, you have in your own country both steel and money." Here is a truth as simple as 2 plus 2 equals 4. It is a statement that a six year old child could understand and appreciate. Building its economic structure on this policy, the United States has become the greatest and richest Nation in the world. Even England, for ages incurably addicted to free trade, is at last getting tired of being the dumping ground of the world, for protection sentiment in England is growing by leaps and bounds. Over fifty countries have raised their tariffs in recent years.

EDITORS ENJOY SUMMER MEET

SCRIBES ARE GIVEN BIG KEY TO CITY

(By Ed. A. Nowack)
Harbor Springs, Mich., June 16.—Two hundred and sixty editors, members of the Michigan Press Association, with their wives and families attended the 1926 summer meeting at Harbor Springs June 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 1926. The meeting has passed into Association history as the greatest gathering in the 62 years of its existence. The meeting was a magnificent tribute to a fellow member—E. J. Hanna, editor of the Emmet County Graphic—and an astonishing response to the cordial invitation extended Michigan's weekly editors by the friendly folks of Harbor Springs.

The key to the city was given President Schuyler Marshall of the association by President A. B. Backus of the Harbor Springs Chamber of Commerce, who welcomed the visitors at the initial evening banquet Thursday at the Emmet Hotel, conducted by A. J. Simpson. During the afternoon all that it stood for was generously given.

Without a miss every feature of the program as announced was carried out. From the moment the vanguard of the Fourth Estate arrived, their pleasant stay in Harbor Springs was definitely underwritten. The reception of the editors' reception—arranged without parallel in the history of entertainments in Michigan—sponsored by a city as a whole. If any visiting editor had money when he arrived, he might as well have left it at home. It could buy nothing in Harbor Springs.

The entertainment and the address of welcome to the vanguard was given by E. C. Matthews, secretary of the Chamber of Commerce. Forty-one years ago this city entertained the M. P. A. and Thursday evening's banquet, hosted by E. J. Hanna introduced Lorenzo A. Clark, who presided at the meeting of nearly 50 years ago. The veil from the yesterday's pioneer days was pulled aside, and the old gentleman—the only real pioneer of a clan whose faith in this section made Harbor Springs what it is today. Walking in the deepening afternoon of a well spent, decent life, and telling of the hungry heartaches the chords of memory brought into play, Mr. Clark's story of the "old days" and the intimate things he recalled brought tears to the eyes of his audience.

Other editors who were present at the summer outing July 15, 1885 were Geo. Adams of Keweenaw, Eugene Foster of Gladwin, H. S. Babcock of Alma and Charles Reed of Clio. The latter was cabin boy on the boat that carried the editors around the Great Lakes at the summer of 1885. They were given by all and following a short talk by Judge A. L. Deuell of Harbor Springs, the dinner next located at Booth's pavilion, where dancing served as entertainment.

Friday's trip around the shores of Little Traverse Bay and Lake Michigan, through Good Hart, Cross Village, Mackinac and back home, will be long remembered. Buffet luncheon at Old Trail Tavern, served by Mrs. Orianna Deaton Hooker, followed an exhibition of Indian war dancing and a recital by Editor Babcock at the Indian Art store of the heroism of Francis Ok-to-not-go and Joseph Jo-ke-go-bede, recipients of two Carnegie medals, for saving the lives of these fishermen off Good Hart, in Lake Michigan.

Forest Beach Inn, through the courtesy of Messrs. Sager and Reeves, on Friday night, banqueted the visitors. The feature of the evening's festivities was the lecture on psycho-analysis by Dr. Gustave A. Blumenthal, internationally famous as a character analyst, author, vocational guidance, bureau builder and lecturer. Dr. Blumenthal came as the guest of Editor and Mrs. Ed. A. Nowack and what he told the audience at random, brought down the house. Saturday's program ended at Ramona Park hotel with a banquet and a dancing party given by Fritz Cramer, proprietor.

It was at this banquet that the association took recognition of the wonderful hospitality and the unselfish entertainment provided by Harbor Springs hotels, merchants, citizens, and the civic organizations. The magnificent hostesses of this city, on the second of the summer season, threw their tremendous energies and resources into the work of entertaining the editors. The best of everything was provided.

The famous Wequetonsing Hotel, rich in the traditional hospitality of this region, served breakfasts to the visitors every morning, as well as housing its capacity. Ramona Park Hotel, an intriguing and artistically arranged hostelry, gave its best suite of rooms to the visitors. In a concise review of the entertaining features, and as an evidence of appreciation, the Michigan Press Association adopted, not only resolutions of appreciation, but provided a "Hall of Honor" to be placed in the public library. Following are the resolutions of appreciation:

WHEREAS, The members of the Michigan Press Association, their wives and families, have been splendidly and most generously entertained by the people of Harbor Springs, its officials, civic organizations, and the proprietors of the hotels, restaurants and resorts in its vicinity, on the occasion of its annual summer meeting in 1926; therefore be it

RESOLVED, That the Michigan Press Association tender its sincere thanks and deepest appreciation to the Village of Harbor Springs, the Harbor Springs Board of Commerce and its efficient president, Mr. A. B. Backus, and its enterprising secretary, Mr. E. C. Matthews; to Mr. Allen C. Angell, president of the village; to the business men of Harbor Springs; to the proprietors of the Wequetonsing Hotel, the Emmet Hotel, the Old Trail

TO BE BIGGEST CELEBRATION

\$1,200 RAISED FOR FOURTH ATTRACTIONS

There's going to be a s-o-m-e celebration here the 4th. Plenty of money has been raised for expenses and things are breaking fine for a large number of good attractions.

The committee of Grayling Post American Legion has been scouting around to find attractions for the 4th. The possibilities afforded there are sure to be some good free attractions besides ball games and field sports galore.

The business men are co-operating nicely in the plans for the street parade. Many clever floats and interesting and amusing features are promised for this event. Substantial cash and other prizes will be offered for the best floats.

The cash prizes offered for the field sports are certain to bring out some spirited contests. The list of events will be large and there will be opportunity for all to enter some one contest or another. Sharpen the spikes in your shoes and come and are in the field contests. And those who may desire social activities will be afforded plenty of time for dancing, sight seeing, and if necessary a swim in the Ausable river or Lake Margrethe.

Already word has been received from some of our wandering sons and daughters saying that they are coming "Home" for the 4th. It's going to be a big day and no mistake. Rah! Rah! Rah! Grayling!

Tavern, Booth's Pavilion, the Forest Beach Inn, Juilleret's Cabaret, the Ramona Park Hotel, the Steamer American, and to all others who in any way contributed to the manifold pleasures and privileges of the occasion; and WHEREAS, The Michigan Press Association is greatly indebted to Mr. E. J. Hanna, editor of the Emmet County Graphic, for the success which has attended this meeting, therefore be it

RESOLVED, That the Michigan Press Association extend to Brother E. J. Hanna an expression of its sincere appreciation of his arduous and untiring efforts in providing for comfort and pleasure of the members of the Association, and that it render him its cordial thanks for the complete, delightful and unsurpassed hospitality accorded the Association by the people of Harbor Springs individually and collectively.

Seven thousand pounds of this came from Oscoda county, and the balance from Montmorency county. The average price paid was 12 1/2c, but as high as 15 1/2c was paid for extra fine wool. W. B. Covert brought J. L. Wild, Charles Wheeler and I. R. Bacon up from the ranch last Saturday. They ran down the river that far and camped for the time they wanted to fish, and had all the success they could wish for—the only drawback being the most quits at night. They took home the finest string of trout that has left Grayling this season. On the way down it is reported that Wild thought he would try his hand polling, and he was a success, catching his pole in a sweeper, and leaping over the top of the pole he landed head first in the twelve feet of water, fifteen feet from the boat. He made a big hole in the boat. He made a big hole in the boat. He made a big hole in the boat.

HOME, DAD AND THE BOY

By FRANK H. CHELEY

Are You a Regular Dad?

IF YOU ARE: It is because you believe that it is a far greater thing for a boy to make a life than to make a living, and that what a boy is, is, after all, his only just claim to greatness and so train your boys accordingly.

Because You Would Rather Be Known any time as a successful father than as a successful business or professional man, for to be so known is to be measured by much the larger "measuring stick."

These Are But a Few of the Reasons why many boys, grown tall and straight and true, declare that they wish to be men "just like their dear old dad."

Is Not That Better by Far than having a whole column in "Who's Who in America," a cigar named after you, or even a statue erected to your memory in the city park?

All Such Men Are Real Fathers, true to themselves, true to their sons, true to their country and their God.

ARE YOU SUCH A MAN? YOUR SONS KNOW!

Combines the desirable qualities of all gasolines in one.

In various parts of the country "special" or premium gasolines are sold—"high test," for instance, to give easy starting—"benzol blends" to reduce knocking—"commercial gas" to produce more power. Note that each of these fuels is a special preparation for a special purpose.

Not until the advent of the new and better Texaco Gasoline, made possible by the Holmes-Manley Process, has there been a gasoline with all these desirable qualities in one.

The new Texaco Gasoline has the good qualities of any gasoline, or motor fuel, regardless of price.

Pre-Nuptial

One of the lovely pre-nuptial affairs in honor of Miss Grace Bauman was a luncheon given by Mrs. Esbern Hanson on Wednesday at her summer home at Lake Margrethe. Thirty-eight responded to the invitation and they were served on small tables with the exception of those who were seated at the bride elect's table, which had been most attractively arranged with a large center piece of roses, ferns and lilies-of-the-valley. The guests of honor and family found corsage bouquets at their places, the bride elect's being white roses and lilies-of-the-valley. Each guest found at her place a miniature bride with veil, which served as place card, and little white traveling bags filled with confections. The rooms and tables were arranged with an abundance of beautiful flowers.

The afternoon was spent playing bridge and "500." Mrs. A. E. Mason, holding the high score for bridge, and Mrs. Ernest Larson for "500." The guest of honor also receiving a beautiful gift.

Mrs. Herbert Wolff was hostess at a very pretty informal tea at her summer home at Lake Margrethe Saturday afternoon.

Kittelman of Chicago assisted Mrs. Wolff in receiving. Mrs. Marius Hanson, Mrs. Esbern Hanson and Mrs. Oscar Hanson assisted in the dining room. During the afternoon Mrs. Carl Mickelson sang several solos for the pleasure of the guests.

The guests included the bride elect, her family and the out-of-town guests who were here to be in attendance at the wedding.

Mrs. Henry Bauman entertained with a delightful tea to meet Mrs. Walter Woodson Sr., of Salisbury, N. C., Friday afternoon at the attractive "T-Shopper" at Lake Margrethe. The tea table was most artistically arranged with a silver basket filled with roses, lilies-of-the-valley and any other tea-service befitting the occasion.

Everyone present pronounced this one of the loveliest teas of the season. Schram's orchestra played throughout the afternoon.

MAN KILLED IN RAILROAD WRECK

Edward Matts, age 65 years, of Riverview had his life crushed out in a peculiar railroad accident at 10:45 Saturday morning, when a box car in which he was loading pulp wood bolts was struck by the Mackinaw-Bay City mixed train No. 2, running into an open switch. It is not known how the switch came to be open, nor who is to blame for the accident.

Mr. Matts, Frank Decker, Sid Robarge, Francis Decker and David and Oscar Horning, were employed by Rasmus Rasmussen loading pulpwood from auto trucks into box cars on a siding of the Michigan Central railroad, the box cars being stationed on the north side of the M. & N. E. railroad crossing. Frank Decker, who was loading in the first car, heard the Mackinaw-Bay City train No. 2 approaching from the north and stepped to the car door just in time to see the train coming onto the siding. He yelled to the other men, they just getting clear of the cars and trucks when the crash came. Mr. Matts, who was in the car ahead and loading alone, did not hear Mr. Decker call and was crushed between the pulpwood bolts. He was still alive when taken from the car, but died on the way to Mercy hospital.

The box cars were driven about 400 feet down the track, the engine leaving the rails at this point and tearing away most of the platform of the Salling Hanson Company warehouse. Horace Shaw of Bay City, the engineer, jumped from the engine as it neared the warehouse, but George Prevost, fireman, also of Bay City, stayed in the cab.

The wrecking train and crew arrived in the city at about three o'clock in the afternoon and by ten o'clock the wreck was cleared away. There was a large number of spectators on the ground watching the work being done. The auto trucks from which the pulpwood was being loaded were badly damaged.

The remains of Mr. Matts were taken to Coleman for burial. A peculiar thing about the accident is that three years ago on the same date and at the same hour of the day, this same train was wrecked at which time Bernard Conklor of this city and Fred Ayres and Mr. Flock of Bay City lost their lives.

It is at that time the train was known as the "Cannon Ball."

SCHOOLS RENDER BEAUTIFUL PAGEANT

It has been the custom for years for the physical training classes of our public schools to give an exhibit. This year the exhibit was given in the form of a pageant and field day exhibit.

The scene of this beautiful pageant was laid in Conline's grove and a fair sized crowd greeted the youthful entertainers Wednesday afternoon. The girls were quite ideal and the day perfect.

The pageant opened with the approach of a group of high school girls as harvesters with "Gags." Genevieve Montour as the slave driver urging them on to their toil with the use of the cruel whip. Then came the children, beginning with the first and 2nd grades, and led by the Pict Piper, Betty Welsh, dancing and singing the games, representing happiness and the carefree side of life. Each grade in their turn followed, dressed in their gay costumes and dancing forth in time to the music played by the high school orchestra. At last Hope, Jane Keyport, dances forth, beckoning them to leave their cares and hardships and live, when suddenly the harvesters drive their manes and burst off like flowers and dance and frolic as they represent the happy side of life.

A pretty story portrayed in a very clever manner by the physical training department and Miss Cavanaugh, the head of the department is to be congratulated upon the success of the exhibit.

The high school boys, under the direction of Mr. J. J. Burnham gave a very creditable exhibit of sportsmanship and athletics in the form of drills, games, contests and field sports. These were very nicely carried out and gave the audience a good idea of some of the work done in the physical education department.

Now is the time to write and invite your friends to spend the Fourth of July with you. The celebration will be one they will long remember.

During the summer you may get fresh buttermilk at the Grayling Creamery every Tuesday and Friday.

CHEATING PEOPLE OUT OF INSURANCE

All fire insurance has been canceled in Onaway. Property amounting to many thousands of dollars is unprotected against fire except such protection that may be afforded by the local fire departments.

Last fall the big auto rim factory, employing about 2,000 men, burned to the ground. The owners decided that they would not rebuild at that place but accepted a site at Alma and immediately more than half the population of that once busy industrial city moved away and property valuations shrunk to very small figures. Houses worth from \$3,000 to \$5,000 went begging for purchasers at one-fifth or one-quarter their valuation.

It is reported that several fires occurred and fire insurance, far greater than the present valuations, was collected. The situation became very acute and the insurance companies issued blanket orders cancelling every insurance policy in that city. The physical risk was just the same as it had been for years past but the moral risk had become extremely hazardous.

Now, the insurance companies are not interested in sending people to prisons. Protecting the property of owners from honest losses by fires is their mission. The companies bear the losses and for this assumption are paid premiums that, usually, in their aggregate, permit them to pay for fire losses and make for their stockholders a profit. Losses are born without protest and payments made cheerfully. The insurance companies are the finest people in the world to deal with but they are also smart enough to expect and demand a square deal from the public.

The property owners of Grayling were fortunate when our officers, Sheriff Bohemeyer and Detective Herman W. Kays, were able to round up Frank Ingram so quickly after the latter had set fire to his home for the purpose of collecting fire insurance, as he admits in his confession. If

what he says is true he is worse than any highwayman that ever stuck a revolver between the eyes of a victim. He would not only rob the insurance companies but also the very persons living in the city. Such persons as Ingram appears to be, might deprive honest persons from being able to secure safe fire insurance. He might make us the victims of the losses of our homes and business places at a time when we had no insurance. Insurance companies are becoming more and more particular about the risks that they are accepting, thus making it hard, even for honest owners, to secure such fire protection that they might desire.

And the fire of May 10th was not the first one that Ingram had set, according to a later confession that he has made. He admits that he had planned to have his home burn three years ago, at which time he says he paid a certain person here in the city \$25 to do the job. The house burned and he was able to collect the amount of his insurance without any trouble. Ingram and his brother-in-law, Simon Peter Rohl, will no doubt go to prison. The former appears to have been the criminal in two distinct offenses and it is believed that he will be sentenced to from 10 to 15 years in prison. Rohl already had a prison record and will probably fare little better than Ingram. This is necessary for the protection of the people. Such men should be punished and we believe that their punishment should be in accordance with the crime they have committed—worse than that of the "hold-up" man who wouldn't hesitate to take a life if he felt it necessary to do so in case he were prevented from gaining his desired ends.

Such people should be gotten rid of so that honest people may continue to enjoy the protection of the insurance companies against losses from the demon of fire. Permeation in any community is sure to provoke the cancellation of policies. The property owners of Onaway are to be pitied. The condition they are now in was brought about by the fear of the insurance companies of just such persons as Ingram appears to be.

This is to notify the members of Grayling Chapter of the Isaac Walton League that their subscription to the magazine expired the first of June, and also their membership dues. Please send in your check for dues, \$3.00. The officers will be pleased to receive it at once.

Michigan Happenings

The State Association of Farm Mutual Insurance companies held a two-day session at Clare, June 9 and 10. It was largely attended by delegates representing the companies in every section of the state, insuring 433,000 farms carrying \$1,000,000,000 insurance. The attendance was larger than any previous meeting of the association. Efforts, extending over a period of nine years, to adopt a standard form policy, were successful after a full afternoon session by a 70 per cent vote of delegates present.

Miss Avis M. Brown, daughter of E. E. Brown, editor and publisher of the Northville Record, will act as valedictorian of the class of 1926, of the Northville high school at its graduation exercises. She has the highest average attained thus far by any graduate of the school, her standing for the school year being 97.53. Miss Brown is editor-in-chief of the school's annual paper, the Palladium, and the accompanist for the glee club.

Failure of several bus companies to enforce compliance with speed laws for motor vehicles may result in license revocations, Sherman T. Hardy, chairman of the Public Utilities Commission, states. Letters advising operators of the 30-mile per hour limit were mailed to all companies some time ago. Since then, flagrant violations and disregard of the warning which have often resulted in serious accidents, have been reported to the commission.

Increased competition among Grand Rapids milk dealers has forced the price down to the point that some of the smaller dealers are offering raw milk at eight cents a quart. It is said that there were never so many dealers in Grand Rapids as at the present time. A plentiful supply of milk, a good demand for the product and the competition has so upset the market that the retail price ranges from 12 cents per quart to the new low figure.

The Michigan Education association is working out plans for selection and distribution of reading circle books for schools of the state this fall and winter. At a recent meeting of the executive committee action was taken to bring about the service. Distribution of the books will be handled through a special reading circle board which will maintain an approval list of books, from which each school may make its selection.

Jazz music has failed to justify its existence in the opinion of Dr. Clarence Cook Little, president of the University of Michigan, who delivered the principal address at the thirty-first annual commencement of the University School of Music. Dr. Little declared that modern music, like modern painting, "lacks beauty" and owes its origin to the efforts of producers seeking to satisfy a pleasure-mad and lovely-hungry public.

A load of experimental cattle, which were fed at the Michigan State College during the past winter, were sold recently at the top figure of \$11 per hundred pounds. These cattle weighed over the scales at an average of 837 pounds, and were classed as prime baby beef. Their average weight at the beginning of the experiment in November was 409 pounds, and the cost in the lots \$4.50 per hundred pounds.

Atty. Gen. Andrew B. Dougherty ruled recently that when automobile drivers' licenses are revoked for recklessness or driving while intoxicated, they must remain invalid for the period designated by the trial judge. Neither the court nor the Secretary of State has the power to reinstate the license prior to the expiration of the term, he held.

Construction work on the railroad which is to connect the main line of the Michigan Central with the proposed new Ford textile plant three miles southeast of Ypsilanti, is expected to begin at once. The Ford Motor Co. recently advertised for men to work on the railroad. It is proposed to erect a \$3,000,000 plant near there for the weaving of upholstery cloth for enclosed cars. It is to be operated by power furnished by a hydroelectric plant on the Huron River south of Ypsilanti.

The county nurse, Mrs. Squires, reports that Hazel and William Kolka are ill with the measles, which they contracted a couple of days ago. Rain starting Sunday evening continued steadily up to Tuesday morning. It was one of the heaviest rainfalls we have had in some time and was the kind that gives the land a good soaking and crops and berries are sure to be greatly benefitted. Huckleberries have set and seem to be beyond any frost damage and unless we have an unusually long drought for the next few weeks there is surely to be a bumper crop. Other berries too, look promising. And the hay crop in this county is assured and will be a fine one.

Frank Truman Ingram who is in jail awaiting circuit court, charged with having set fire to his home on the night of May 16th, has admitted, according to a report given out by some of the officers, that he paid a certain person \$25 for setting fire to a house that he owned some time in February of 1935. This place burned shortly after he had it insured. Whether actually set on fire it seems evident that Ingram had planned to defraud the insurance company at that time. The person whom he accuses was living in the house at the time and lost heavily on household furniture upon which he carried no insurance. It may be possible that Ingram is trying to draw everyone possible into trouble. When once in trouble such people seem to disregard the honor that is sometimes accredited to thieves and would not hesitate to squeal on their pals in crime.

Mr. R. Petersen, manager of Grayling Greenhouses, has been on sick list for the past two weeks, and part of the time has been confined to the hospital. He has been working hard ever since last fall and the doctor says he needs a good rest, but the business at the Greenhouses has grown so fast that it is next to impossible to remain away. There has been many funerals, parties and weddings that have demanded quantities of flowers which has made it necessary for Mr. Petersen to be on the job at least part of the time. Besides many fine improvements have been made in the houses and old wooden benches replaced by modern cement ones, and the place has a metropolitan air about it. Mr. Petersen is known among florists as being one of the best in the state. His efforts here have clearly proven it.

Robert Jackson, 28 years of age, is in jail charged with two offenses. He is charged with having set fire to the N. C. Cotabish barn on the South Branch last November 30th, and also with having poisoned three cows belonging to Orlo Schrieve, caretaker for the Cotabish summer home. Two of the cows died, the other recovered. The stomachs of the animals were sent to Lansing where they were examined and found to contain arsenic. It appears that he wanted the job of caretaker and made threats that he would make it "interesting for Schrieve." Both offenses are very serious and carry with them severe penalties. He was arrested Monday afternoon by Sheriff Bobenmoyer and Detective Herman W. Kays of the state secret service department. Swanson has pointed to incendiarism by Jackson ever since these acts occurred. Mr. Cotabish says he had intended to build a fine summer home there this summer but said he would not build just as long as Jackson was in the neighborhood. Since a small boy Jackson has lived in the McMasster home.

PRIMARY COST PUT AT OVER \$2,000,000

Record Sums Are Shown to Have Been Expended in Pennsylvania.

Washington.—Revelations to the senate committee which is making an investigation into the political slush fund, brought the total expenditures in the recent Pennsylvania senatorial primary struggle thus far disclosed up to over one and a third million dollars. The total, as read into the record by Senator LaFollette was \$1,891,000, and the end had not been reached.

The total expenditures thus far brought out for the Pepper-Fisher ticket in themselves soared above \$1,000,000. They are computed at \$1,048,000. Adding to these \$193,000 for Pinchot and \$71,000 for Vane's personal contribution and \$79,000 expended for him in Allegheny county, makes the total of \$1,391,000.

It is now generally expected that it will be shown the total expenditures in the recent primary exceeded \$2,000,000, the largest ever brought to the attention of a committee of congress.

The possibility that Mr. Vane, if elected senator, will be subjected to a senatorial committee investigation before he is assured of holding his seat, is being discussed.

The Wash-Line and the Life-Line!

Here are two "lines" which are closely related.

A long wash-line usually means a short "life-line"—unless an Easy does the wash.

With an Easy—washday is almost effortless—surely, the old-time wash-board drudgery is gone. The gentle washing action of the Easy Vacuum Principle cleanses dainty silks and laces and the heavier things as well. It's all done so quickly and so easily and—with the dainty things—so safely.

Stoic Philosophy

Stoics were the disciples of Zeno, the Greek philosopher who taught during the second century before the Christian era. These disciples were called Stoics because they listened to Zeno's teachings in a porch at Athens, and the Greek word for porch, expressed in Latin letters, which are the ones we use, was stoia. Zeno taught that man's supreme happiness consisted in living agreeably to nature and reason.
